

Alert on Fictitious Emails

- It is reported by many banks that mails are received appearing to be from IODDICGC from email ID ioddicgc@rbi.in and rr@cs.ename.net.
- It may kindly be noted by banks that mails received only from **rbi.org.in** domain are genuine and IOD uses ioddicgc@rbi.org.in for sending mails to banks.
- Any mail received from ioddicgc@rbi.in and rr@cs.ename.net may be ignored by banks as these domains are not used by DICGC to send mail to banks and are spam mail.
- Also all the Banks are requested to please check the email address of the sender before replying/opening of any attachments in the email. All the Banks are advised to ignore such emails.
